Community Reviews for this School

Education at Dover was very easy. I'm a B or C average student and I graduated with almost all A's. I was not prepared enough for college. I wasn't told when I needed to fill out my fasfa. It was never explained to me how I was supposed to apply to colleges. I didn't feel prepared enough and that I had to figure everything out on my own. I didn't feel like I had their support or even that they wanted to help me. They expressed that they wanted to help us but never showed us ways that they could help us.

Dover now has CTE programs that really help zone in on your career. I was personally enrolled in one and had the best out come. I ended my four years of high school with tools and tons of memories.

Somethings I like about Dover Area High School is the environment the teachers produce, the athletic program, and the school cooks. Every time I walked into a class, no matter if I was having a good or bad day, the teachers would always light up the room whenever they walked in. Their personalities are the best. Plus Dover's athletic programs are known for making it to States and our cooks always make us the best food. My favorite was always the funnel cakes.

Dover offers opportunities for all students to better themselves, and strive for more hands-on learn opportunities.

My overall experience at Dover Area High School was great. Dover has amazing plays and musicals that our community attends and our sports teams are like a family. We have great teachers that work with us if we are having trouble and push us to do our best. Every student receives a school ipad at Dover but we rarely use them which is something I would change, making it easier for teachers and students to post homework and tests. Besides the ipads I wouldn't change anything else I loved my experience at Dover Area High School and I know it will keep getting better every year.

About RPR (Realtors Property Resource)

- Realtors Property Resource® is a wholly owned subsidiary of the National Association REALTORS®.

- RPR offers comprehensive data – including a nationwide database of 164 million properties – as well as powerful analytics and dynamic reports exclusively for members of the NAR.

- RPR's focus is giving residential and commercial real estate practitioners, brokers, and MLS and Association staff the tools they need to serve their clients.

- This report has been provided to you by a member of the NAR.

About RPR's Data

RPR generates and compiles real estate and other data from a vast array of sources. The data contained in your report includes some or all of the following:

- **Listing data** from our partner MLSs and CIEs, and related calculations, like estimated value for a property or median sales price for a local market.

- **Public records data** including tax, assessment, and deed information. Foreclosure and distressed data from public records and RealtyTrac.

- **Market conditions and forecasts** based on listing and public records data.

- **Census and employment data** from the U.S. Census and the U.S. Bureau of Labor Statistics.

- **Demographics and trends data** from Esri. The data in commercial and economic reports includes Tapestry Segmentation, which classifies U.S. residential neighborhoods into unique market segments based on socioeconomic and demographic characteristics.

- **Business data** including consumer expenditures, commercial market potential, retail marketplace, SIC and NAICS business information, and banking potential data from Esri.

- **School data and reviews** from Niche.

- **Specialty data sets** such as walkability scores, traffic counts and flood zones.

Update Frequency

- Listings and public records data are updated on a continuous basis.

- Charts and statistics calculated from listing and public records data are refreshed monthly.

- Other data sets range from daily to annual updates.
