Community Reviews for this School

Posted: 9/4/2019 by Senior

I moved here my Sophomore year from a small rural town in Missouri. I was scared to enter a new school and start my life over again. But I was pleasantly surprised! This school has an amazing community both in and outside the school. The teachers are outstanding in both teaching and connecting with their students. The councilors are kind and willing to help you at any time. The principals are concerned and connected and keep the school as a safe and open environment. The students are mostly good, but there are some that are outstanding. The best thing I could say is to get involved in some sort of organization or team here, I never got connected so quickly at a school!!!

Great school, my college friends wish they went here. The classrooms were very engaging and helpful in college. I still utilize the lessons I learned in high school at my current job. I hope to move back one day so that my kids can go here.

I very much enjoyed the small class sizes in my senior year. It emphasized the close-knit family style atmosphere of Northern. If anything were to change it should be the lack of cluster schedule announcements. I have lost count how many times I have missed a club meeting because I did not know when it was or where it was.

Northern High School prepared me academically and emotionally for college. They gave me the confidence to move on to the next chapter in my life.

I really enjoyed this school. It was where I have some of my favorite memories. One of my favorite memories was when my brother's best friend was in a car accident with the captain of the cheer team and they were flown to a hospital near us. I remember getting the phone call late that night from the captain of the football team and him saying he had most of the team on a bus to the hospital. When my family got to the hospital the entire team was there with their parents, half the faculty from the school came and others were still on their way and that night we all sat together as a school. The next day we came back after school and ate dinner with the team for team dinner and colored pictures because it was what our school had taught us. For months almost every student from our school was visiting the two that were in the hospital and we were raising money and pulling together as a school to help two students out. We never leave a person behind at that school. To this day the staff at the school talk about how we made it through for months in the hospital for our "family". I think that is what made my high school unique. We pull together when it matters and we do what we can to help anyone in need. I would choose this school again because it taught me so much about life and how there are still good people in this world.

About RPR (Realtors Property Resource)

- Realtors Property Resource® is a wholly owned subsidiary of the National Association REALTORS®.
- RPR offers comprehensive data – including a nationwide database of 164 million properties – as well as powerful analytics and dynamic reports exclusively for members of the NAR.
- RPR's focus is giving residential and commercial real estate practitioners, brokers, and MLS and Association staff the tools they need to serve their clients.
- This report has been provided to you by a member of the NAR.

About RPR's Data

RPR generates and compiles real estate and other data from a vast array of sources. The data contained in your report includes some or all of the following:

- **Listing data** from our partner MLSs and CIEs, and related calculations, like estimated value for a property or median sales price for a local market.
- **Public records data** including tax, assessment, and deed information. Foreclosure and distressed data from public records and RealtyTrac.
- **Market conditions and forecasts** based on listing and public records data.
- **Census and employment data** from the U.S. Census and the U.S. Bureau of Labor Statistics.
- **Demographics and trends data** from Esri. The data in commercial and economic reports includes Tapestry Segmentation, which classifies U.S. residential neighborhoods into unique market segments based on socioeconomic and demographic characteristics.
- **Business data** including consumer expenditures, commercial market potential, retail marketplace, SIC and NAICS business information, and banking potential data from Esri.
- **School data and reviews** from Niche.
- **Specialty data sets** such as walkability scores, traffic counts and flood zones.

Update Frequency

- Listings and public records data are updated on a continuous basis.
- Charts and statistics calculated from listing and public records data are refreshed monthly.
- Other data sets range from daily to annual updates.
