The teachers are overall nice and supportive. They will always be there if you need it and generally care about the students. The staff is very progressive and listen to the student's voice. The school also offers a wide variety of classes that prepare you very well for college. There are also a great deal of extracurricular sports and activities.

I really enjoy attending Susquehannock high school. The teachers there are amazing and they are dedicated to furthering students' education while caring about every student personally. The principals are wonderful and do anything they can for the good of the school. However, we could use some updated with our technology throughout the school, because it does not fit the intuitive type of learning that everyone is doing today.

Susquehannock was an amazing school. The art/music department was outstanding. Academics were also very high level. Teachers strive to get to know you more than just a student. Lots of opportunities as well for college visits and help. Admin is next door so an issues are handled fairly fast. Overall tight knit community, beautiful campus. Amazing sports too. Great school and really nice area highly recommend sending your kids here for the best education possible.

Susquehannock Senior is a school full of potential! The teachers are wonderful and easy to get along with. There's plenty of academic opportunities, wonderful opportunities for athletes, and endless clubs to join. Bullying has been virtually eliminated, and everyone can feel accepted. This pride is shown by the positive school spirit overflowing from the classrooms and sports games! Student counsel is always working hard to make it a good and environment to learn in, with things such as spirit weeks. There's a deli bar at lunch, so students can always get healthy, fresh, custom made sandwiches if they don't like the lunch options. Overall, it's an excellent place to learn and grow.
