I like how you have several options for your classes, but they treat you like kids. We have bathrooms that are assigned to classrooms. Don't you think were old enough to use the bathroom by ourselves?

Posted: 8/28/2019 by Junior

Block scheduling should be changed. Students only have 4 classes each semester. Classes are too long. New lunch and learn program during the middle of the day is chaotic. Students can decide to go to lunch, a club, sit and study, sleep or whatever they want during 80 minutes of the day. Its a long time! I would rather go home earlier.

All of the staff members are very kind and helpful. They are always there to help with your struggles. I absolutely love the school!

Posted: 7/12/2019 by Alum

The teachers are absolutely willing to work with you and help you grow as a student. The teachers I had throughout high school are the reason that I applied to college and became a first-generation college student. The knowledge I gained over four years propelled me into my college career.

West York High School is a decent school. The variety of courses offered is excellent. There is something for everyone. However, I am not a fan of the lack of racial representation as far as teachers go. Almost all of the teachers are white. Most of the faculty are too. I cannot think of a single African American teacher at our school. It is frustrating to see that because children who are not white have little to no representation. They have few people they can identify as "just like them" or who may understand the racial injustices they might have experience. Academics-wise—wonderful. I just wish there was a more diverse faculty and staff.

About RPR (Realtors Property Resource)

- Realtors Property Resource® is a wholly owned subsidiary of the National Association REALTORS®.
- RPR offers comprehensive data – including a nationwide database of 164 million properties – as well as powerful analytics and dynamic reports exclusively for members of the NAR.
- RPR's focus is giving residential and commercial real estate practitioners, brokers, and MLS and Association staff the tools they need to serve their clients.
- This report has been provided to you by a member of the NAR.

About RPR's Data

RPR generates and compiles real estate and other data from a vast array of sources. The data contained in your report includes some or all of the following:

- **Listing data** from our partner MLSs and CIEs, and related calculations, like estimated value for a property or median sales price for a local market.
- **Public records data** including tax, assessment, and deed information. Foreclosure and distressed data from public records and RealtyTrac.
- **Market conditions and forecasts** based on listing and public records data.
- **Census and employment data** from the U.S. Census and the U.S. Bureau of Labor Statistics.
- **Demographics and trends data** from Esri. The data in commercial and economic reports includes Tapestry Segmentation, which classifies U.S. residential neighborhoods into unique market segments based on socioeconomic and demographic characteristics.
- **Business data** including consumer expenditures, commercial market potential, retail marketplace, SIC and NAICS business information, and banking potential data from Esri.
- **School data and reviews** from Niche.
- **Specialty data sets** such as walkability scores, traffic counts and flood zones.

Update Frequency

- Listings and public records data are updated on a continuous basis.
- Charts and statistics calculated from listing and public records data are refreshed monthly.
- Other data sets range from daily to annual updates.
