# 2025 York County Real Estate Market Report

The Realtors® Association of York & Adams Counties (RAYAC) represents over 1,300 Realtor® members who work for the best interest of consumers - home buyers and sellers - and advocate for private property rights. RAYAC members also include commercial Realtors®, property managers and appraisers.

This annual report provides an overview of York County's real estate market as well as providing housing trends for each of the 16 school districts. The data was derived from the Multiple Listing Service of the Realtors® Association of York & Adams Counties and Bright MLS. The statistics do not represent every real estate transaction in the county. It does not include private real estate transactions or new construction that did not involve a Realtor®.

Housing continues to be a significant economic sector within our community. It is the source of direct employment for a variety of trades and professions such as construction, finance and insurance. Housing sales also create a huge and often unrecognized impact on the larger economy because it unleashes additional spending as buyers transform a house into their home to reflect their tastes and interests.

Thank you for reading this report and please contact RAYAC with any questions you might have.

## York County Housing Market by Price Range

In 2025, 2% of the homes sold in York County were priced under \$100,000, 16% of the homes sold were priced between \$100,00-\$199,999, 35% of the homes sold were priced between \$200,000-\$299,999 and 47% of the homes sold were priced over \$300,000.

The median days on the market for York County in 2025 was 9 days. 2025 was the third fastest moving real estate market in York County's history. A balanced market is considered to be 60 days on market. Anything below that is considered to be a seller's market.

# York County: Months Supply of Inventory

The months supply of inventory indicates how many months it would take for all the current homes for sale on the market to sell, given a monthly sales volume. Six months supply of inventory is considered a balanced market. The greater the number indicates there are more sellers than buyers in the market. The lower the number indicates there are more buyers than sellers.
